Thank you, what a treat to receive on our 1st chemo day. The 1st thought in my head was, what a thoughtful preparation Janet's chemo survival tips is. The Blue Book was great, too. And samples to introduce us to new, helpful products. You're accomplishing a great function. Thank you + God Bless you

Hi Janet -
 Thank you for the radiation care kit.
 I found many of the items to be helpful - especially the "Radiation Survival Tips" and many of the cremes/lotions. The Blue Day Book made me smile! I think your organization is wonderfully inspired.

Dear Janet -
 What a clever concept you have come up with. I am happy for you that you have found a way to "pay it forward."
 The kit came a week before I started chemo, and I use it as I am into my 2nd of 8 treatments. These items are little things I would have sent my husband to the store for - each separately as the problem arose - and he would have gone. He's sweet.
 It's nice to have all this at the ready - today - the eye drops - whew!
 I am thankful to have received a box of help from someone who has gone thru the process. Nothing better.
 Thank You.
